“Chuck Herold Recommendation”

Chuck Herold managed successfully an important assignment for me and the group for which I work. Specifically, we partnered with a bank to do senior and subordinated lot acquisition and single family residential construction lending to a developer in Orlando.

Chuck understood the way that funds need to flow to the borrower so as to make sure that the money went into the houses which served as our collateral. His progress inspections were thorough; and we received all the interest, principle, and profit we were due. He definitely was a major reason the investment was successful.

A handwritten signature in cursive script that reads 'Buck Jones'.
